VOL. XXIV., 1901.

INDEX OF AUTHORS.

PAGE

Barker, Lewellys F.
The nervous system and its constituent neurones (Review) ... 331

Barnes, Stanley.
Degenerations in hemiplegia; with special reference to a ventro-lateral pyramidal tract, the accessory fillet and Pick's bundle ... 463

Barratt, J. O. Wakelin.
On the changes in the nervous system in a case of old-standing amputation 310

Batten, F. E.
Four cases of congenital ataxia in children 171
Spasmodic movements of the limbs in an infant... 667

Beevor, C. E.
A case of muscular atrophy with loss of sensation over the first dorsal root area 667

Berkley, Henry J.
A treatise on mental diseases (Review) 162

Bramwell, Edwin.
A contribution to the clinical significance of absence of the tendo-Achillis-jerk 554

Bruce, Alexander.
A topographical atlas of the spinal cord (Review) 337

PAGE

Buzzard, E. Farquhar.
Atrophy of arm with anæsthesia over distribution of first dorsal root 174

Buzzard, E. Farquhar and Collier, James S.
Descending mesencephalic tracts in cat, monkey and man; Monakow's bundle; the dorsal longitudinal bundle; the ventral longitudinal bundle; the ponto-spinal tracts, lateral and ventral; the vestibulo-spinal tract; the central tegmental tract (Centrale Haubenbahn); descending fibres of the fillet 177

Cassirer, Richard.
Die vasomotorisch-trophischen Neurosen (Review) 169

Clarke, J. Michell.
A case of chronic internal pachy-meningitis of the spinal cord ... 453
Case of pachy-meningitis of the spinal cord 339

Clinch, T. Aldous.
The areas of cutaneous distribution of the first sacral and fifth lumbar nerves as illustrated by two cases of herpes zoster ... 643

Collier, James S. and Buzzard, Farquhar.
Descending mesencephalic tracts in cat, monkey and man; Monakow's bundle; the dorsal longitudinal bundle; the ventral longitudinal bundle; the ponto-spinal tracts, lateral and ventral; the vestibulo-spinal tract; the central tegmental tract (Centrale Haubenbahn); descending fibres of the fillet 177

Collier, James S. and Taylor, James
The occurrence of optic neuritis in lesions of the spinal cord. Injury, tumour, myelitis. (An account of twelve cases and one autopsy) 532

Colman, W. S.
Case of (?) "mind blindness" 172

Dejerine, J.
Semeiologie du système nerveux (Review) 335

Diller, Theodore.
Two cases of astereognosis 649

Ferrier, D.
Case of successful removal of a cerebellar tumour 665

Ferrier, David and Turner, William Aldren.
Case of successful removal of a cerebral tumour 666
Experimental lesion of the corpora quadrigemina in monkeys ... 27

Goodbody, F. W. and Singer, H. D.
A case of family periodic paralysis, with a critical digest of the literature 257

Greenlees, T. D. and Purvis, G. C.
Friedreich's paralysis 135

Harris, Wilfred.
Case of syringomyelia following infantile paralysis 173

Head, Henry.
Certain mental changes that accompany visceral disease 345
Muscular atrophy, probably of neuritic origin 668

Horsley, Victor and Thiele, F. H.
A study of the degenerations observed in the central nervous system in a case of fracture dislocation of the spine 520

PAGE

Hutchison, Robert.
Unilateral incoördination, with inability to rotate the eyes downwards in a mentally defective boy 666

McDougall, W.
On the seat of the psycho-physical processes 577

Marris, W. A.
Cases resembling disseminated sclerosis... 174

Meyer, Adolf.
On parenchymatous systemic degenerations, mainly in the central nervous system 47

Mickle, W. Julius.
Mental wandering 1

Muskens, L.
Disturbances of sensation of segmental distribution in tabetics and epileptics 669

Nagel, W. A.
Der Farbensinn der Tiere (Review) 663

Obersteiner, H.
Anleitung beim Studien des Baues der nervösen Central-organe im gesunden und kranken Zustände (Review) 516

Oppenheim, H.
Die myasthenische Paralyse (Bulbarparalyse ohne anatomischen Befund) (Review) 329

Orr, David and Rows, R. G.
The nerve-cells of the human posterior root ganglia and their changes in general paralysis of the insane 286

Paul, W. E. and Walton, G. L.
Contribution to the study of the cortical sensory areas 430

Pellizzi.
Clinical and anatomical studies on idiocy (Review) 659

Pick, A.
On the study of true tumours of the optic nerve... 502

Poynton, F. J.
A case of erysipelas of the scalp with a remarkable nervous sequela 155

Prince, Morton.
Section of the posterior spinal roots for the relief of pain in a case of neuritis of the brachial plexus; cessation of pain in the affected area; later development of Brown-Sequard's paralysis as a result of laminectomy; unusual distribution of root anæsthesia; later partial return of sensibility 116

Purvis, G. C. and Greenlees, T. D.
Friedreich's paralysis 135

Robertson, W. Ford.
A text-book of pathology in relation to mental diseases (Review) ... 166

Rows R. G. and Orr, David.
The nerve-cells of the human posterior root ganglia in their changes in general paralysis of the insane 286

PAGE

Russell, J. S. Risien.
Syringomyelia with "Charcot joint" 174

Sabin, Florence R.
An atlas of the medulla and mid-brain (Review)... 662

Schmaus, H. and Sacki, S.
Vorlesungen über die pathologische Anatomie des Rückenmarks (Review) 656

Shoyer, A. F.
A case of syphilitic spinal lepto-meningitis with combined sclerosis 149

Singer, H. D. and Goodbody, F. W.
A case of family periodic paralysis with a critical digest of the literature 257

Spiller, W. G.
A case of complete absence of the visual system in an adult ... 631

Stewart, Purves.
Degenerations following a traumatic lesion of the spinal cord with an account of a tract in the cervical region 222

Still, G. F.
Case of paramyoclonus multiplex 176

Taylor, James and Collier, James S.
The occurrence of optic neuritis in lesions of the spinal cord. Injury, tumour, myelitis. (An account of twelve cases and one autopsy) 532

Thiele, F. H.
A case of cerebral and cerebellar tumours with well defined tract degenerations 509

Thiele, F. H. and Horsley, Victor.
A study of the degenerations observed in the central nervous system in a case of fracture dislocation of the spine 520

Turner, John.
Observations on the minute structure of the cortex of the brain as revealed by the methylene blue and peroxide of hydrogen method of staining the tissue direct on its removal from the body ... 238

Turner, William Aldren and Ferrier, David.
Case of successful removal of a cerebral tumour... 666
Experimental lesion of the corpora quadrigemina in monkeys ... 27

Walton, G. L. and Paul, W. E.
Contribution to the study of the cortical sensory areas 430

Weber, L. W.
Beiträge zur Pathogenese und pathologischen Anatomie der Epilepsie (Review) 662

Wiglesworth, Joseph.
A case of bilateral porencephaly 127

INDEX OF SUBJECTS.

PAGE

Accessory fillet. Stanley Barnes 463
F. H. Thiele 515
F. H. Thiele and V. Horsley 530

Achillis-jerk, absence of, clinical significance of. E. Bramwell ... 554

Amputation, changes in nervous system in old-standing. J. O. W. Barratt 310

Anæsthesia, of first dorsal root area with atrophy of arm. F. Buzzard 174
unusual distribution of, after section of posterior spinal root. Morton Prince 116

Astereognosis, G. L. Walton and W. E. Paul 430
two cases of. T. Diller 649

Ataxia, congenital, in children, four cases of. F. E. Batten... ... 171

Atrophy, muscular, of neuritic origin. H. Head 668
of arm, with first dorsal root anæsthesia. F. Buzzard 174
with loss of sensation over first dorsal root area. C. E. Beevor ... 667

Brachial plexus, neuritis of. Morton Prince 116

Brain, cortex, minute structure of, revealed by methylene blue and peroxide of hydrogen staining. John Turner 238

Brown-Sequard's paralysis as result of laminectomy. Morton Prince 116

Bundle, dorsal longitudinal; Monakow's; ventral longitudinal. J. Collier and F. Buzzard 177
Pick's. Stanley Barnes 463

Central neuritis. A. Meyer 113
tegmental tract (centrale Haubenbahn). J. Collier and F. Buzzard 177, 183

Cerebellar tumour, successful removal of. D. Ferrier 665
with tract degenerations. F. H. Thiele 509

Cerebral tumour, successful removal of. D. Ferrier and A. Turner .. 666
with tract degenerations. F. H. Thiele 509

Charcot joint, with syringomyelia. J. S. Risien Russell 174

Combined sclerosis, syphilitic spinal lepto-meningitis, with. A. F. Shoyer 149

Congenital ataxia in children, four cases of. F. E. Batten 171

PAGE

Colour sense of animals. W. A. Nagel (Review) 663

Corpora quadrigemina, experimental lesion of, in monkeys. D. Ferrier and W. A. Turner 27
bibliography 45

Cortex of brain, minute structure revealed by methylene blue and peroxide of hydrogen staining. John Turner 238

Cortical sensory areas, study of. G. L. Walton and W. E. Paul ... 430

Cutaneous distribution of first sacral and fifth lumbar nerves, illustrated by herpes zoster. T. Aldous Clinch 643

Degenerations, following traumatic lesion of spinal cord, with account of a tract in the cervical region. Purves Stewart 222
in central nervous system, in a case of fracture dislocation of the spine. F. H. Thiele and V. Horsley 520
in hemiplegia. Stanley Barnes... 463
parenchymatous, systemic, mainly in the central nervous system. A Meyer 47
tract, with cerebral and cerebellar tumours. F. H. Thiele ... 509

Descending fibres of the fillet. J. Collier and F. Buzzard ... 177, 184
mesencephalic tracts. J. Collier and F. Buzzard... 177
bibliography 218

Disseminated sclerosis, cases resembling. W. A. Marris 174

Dorsal longitudinal bundle. J. Collier and F. Buzzard ... 177, 180
root area, anæsthesia over distribution of first, with atrophy of arm. F. Buzzard... 174
loss of sensation over first, with muscular atrophy. C. E. Beevor 667

Epilepsy, pathogenesis and pathological anatomy of. L. W. Weber (Review) 662

Epileptics, segmental disturbance of sensation in. L. Muskens ... 669

Erysipelas of the scalp, nervous sequela of. F. J. Poynton 155

Eyes, loss of downward rotation in a mentally defective boy. R. Hutchison 666

Family periodic paralysis, case of, with critical digest of literature. H. D. Singer and F. W. Goodbody 257

Fillet, accessory. Stanley Barnes 463
F. H. Thiele 515
F. H. Thiele and V. Horsley 530
descending fibres of. J. Collier and F. Buzzard 177, 184

Fracture dislocation of spine, degenerations in central nervous system. F. H. Thiele and V. Horsley 520

Friedreich's paralysis. T. D. Greenlees and G. C. Purvis 135

General paralysis of the insane, changes in nerve cells of posterior root ganglia. D. Orr and R. G. Rows 286

PAGE

Geniculate body, external, chief primary optic centre. W. G. Spiller ... 641

Hallucinations in visceral disease. H. Head 350

Hemiplegia, degenerations in. Stanley Barnes 463
bibliography 500

Herpes zoster, cutaneous distribution of first sacral and fifth lumbar nerves, illustrated by. T. Aldous Clinch 643

Idiocy, clinical and anatomical studies on. Pellizzi (Review) ... 659

Incontinence of urine, sequela to erysipelas of scalp. F. J. Poynton ... 159

Inco-ordination, unilateral, with inability to rotate the eyes downwards in a mentally defective boy. R. Hutchison 666

Infantile paralysis, syringomyelia following. Wilfred Harris... ... 173

Injury of spinal cord, optic neuritis in. J. Taylor and J. Collier ... 532

Laminectomy, Brown Sequard's paralysis as a result of. Morton Prince 116

Medulla and mid-brain, atlas of. Florence R. Sabin (Review) ... 662

Meningitis (spinal) syphilitic, with combined sclerosis. A. F. Shoyer 149

Mental changes that accompany visceral disease. H. Head 345
diseases, a text-book of, pathology in relation to. W. Ford Robertson (Review) 166
a treatise on. H. J. Berkley (Review) 162
wandering. W. Julius Mickle 1

Monakow's bundle. J. Collier and F. Buzzard 177, 179

Mesencephalic tracts, descending. J. Collier and F. Buzzard ... 177

Mind blindness, case of. W. S. Colman 172

Muscular atrophy, of neuritic origin. H. Head 668
with loss of sensation over first dorsal root area. C. E. Beevor ... 667

Myasthenische Paralyse. H. Oppenheim (Review) 329

Myelitis, optic neuritis in. J. Taylor and J. Collier 532

Nerve, optic, tumours of. A. Pick 502

Nerve-cells of cortex, beaded network upon. J. Turner 247
of cerebellum, basket fibres 251
of posterior root ganglia, in general paralysis of the insane. D. Orr and R. G. Rows 286

Nerves, first sacral and fifth lumbar, cutaneous distribution of, illustrated by herpes zoster. T. Aldous Clinch 643

Nervösen Central-organe, Anleitung beim Studium des Baues der. H. Obersteiner (Review) 516

Nervous sequela to erysipelas of scalp. F. J. Poynton 155

PAGE

Nervous system, and its constituent neurones. L. F. Barker (Review) 331
central, degenerations in fracture dislocation of spine. F. H. Thiele and V. Horsley 520
changes in, in old standing amputation. J. O. W. Barratt ... 310
parenchymatous systemic degenerations, mainly in the central. A Meyer (with bibliography) 47

Neurin in psycho-physical processes. W. McDougall 614

Neuritis, central, in degeneration of central nervous system. A. Meyer 113
of brachial plexus, section of posterior roots for relief of pain. Morton Prince 116
optic, in lesions of spinal cord, injury, tumours, myelitis. J. Taylor and J. Collier 532
peripheral, Achillis-jerk in. E. Bramwell 569

Neurones, the nervous system and its constituent. L. F. Barker (Review) 331

Neurological Society, Proceedings of 171, 339, 342, 665

Ocular movements, effect of destruction of corpora quadrigemina on ... 40

Optic centre primary, the external geniculate body and pulvinar of optic thalamus. W. G. Spiller 641
nerve, tumours of. A. Pick 502
neuritis, in lesions of spinal cord, injury, tumour, myelitis. J. Taylor and J. Collier 532
thalamus, tumour of right. J. Michell Clarke 340

Pachymeningitis, chronic internal, of the spinal cord. J. Michell Clarke 339, 453

Pain, in neuritis of brachial plexus, section of posterior roots for. Morton Prince 116
reflected, in visceral disease, mental changes with. H. Head ... 400

Paralysis, family periodic, case of. H. D. Singer and F. W. Goodbody 257
Brown Sequard's, as result of laminectomy. Morton Prince ... 116
Friedreich's, T. D. Greenlees and G. C. Purvis 135

Paramyoclonus multiplex, case of. G. F. Still 176

Pathologische Anatomie des Rückenmarks. H. Schmaus and S. Sacki (Review) 656

Peripheral neuritis, Achillis-jerk in. E. Bramwell 569

Pernicious anæmia, changes in posterior columns of spinal cord. J. Michell Clarke 340

Pick's bundle. Stanley Barnes 463

Plexus, brachial, neuritis of. Morton Prince 116

Ponto-spinal tracts. J. Collier and F. Buzzard 177, 182

Porencephaly, bilateral, a case of. J. Wiglesworth 127

Posterior root ganglia, nerve cells of, in general paralysis of the insane. D. Orr and R. G. Rows 286
spinal roots, section of, for pain in neuritis of brachial plexus. Morton Prince 116

PAGE

Psycho-physical processes, on the seat of. W. McDougall 577

Pyramidal tract, ventro-lateral. Stanley Barnes 463

Sciatica, Achillis-jerk in. E. Bramwell 570

Sclerosis, combined, syphilitic spinal lepto-meningitis with. A. F. Shoyer 149
disseminated, cases resembling. W. A. Marris 174

Sensation, loss of, over first dorsal root area with muscular atrophy. C. E. Beevor 667
segmental disturbance of, in tabetics and epileptics. L. Muskens ... 669

Sense, stereognostic. G. L. Walton and W. E. Paul 433

Sensory areas, cortical, study of. G. L. Walton and W. E. Paul ... 430

Spasmodic movements of the limbs in an infant. F. E. Batten ... 667

Spinal cord, degenerations following traumatic lesion. Purves Stewart 222
optic neuritis in lesions of, injury, tumour, myelitis. J. Taylor and J. Collier 532
pachymeningitis of. J. Michell Clarke 339, 453
posterior columns, changes in pernicious anæmia. J. Michell Clarke 340
pathological anatomy of. H. Schmaus and S. Sacki (Review) ... 656
topographical atlas of. A. Bruce (Review) 337
tract "X" in. Purves Stewart 234
traumatic lesion of (with bibliography). Purves Stewart 222
lepto-meningitis, syphilitic, with combined sclerosis. A. F. Shoyer 149
roots (posterior), section of, for pain in neuritis of brachial plexus, unusual distribution of anæsthesia. Morton Prince 116

Spine, fracture dislocation of, degenerations in central nervous system. F. H. Thiele and V. Horsley 520

Stereognostic sense. G. L. Walton and W. E. Paul 433

Synapses, relation to psycho-physical processes. W. McDougall ... 625

Syphilitic spinal lepto-meningitis, combined sclerosis, with. A. F. Shoyer 149

Syringomyelia, following infantile paralysis. Wilfred Harris ... 173
with Charcot joint. J. S. Risien Russell 174

Système nerveux, semeiologie du. J. Dejerine (Review) 335

Tabes dorsalis, Achillis-jerk in. E. Bramwell 571
segmental disturbance of sensation. L. Muskens 669

Tegmental tract, central. J. Collier and F. Buzzard ... 177, 183

Tendo-Achillis-jerk, absence of, clinical significance of. E. Bramwell 554

Tract or Tracts,
degenerations, with cerebral and cerebellar tumours. F. H. Thiele 509
direct cerebellar 521
fasciculus spino-tectalis vel quadrigeminalis 527
fasciculus spino-thalamicus 528
Gowers' or fasciculus spino-cerebellaris ventralis 523
mesencephalic descending. J. Collier and F. Buzzard 177
ventro-lateral pyramidal. Stanley Barnes 463
"X" in cervical region, of cord. Purves Stewart 224

PAGE

Traumatic, lesion of spinal cord, degenerations following. Purves Stewart 222

Tumour, cerebral and cerebellar, with tract degenerations. F. H. Thiele 509
cerebellar, successful removal of. D. Ferrier 665
of optic nerve. A. Pick 502
of spinal cord, optic neuritis in. J. Taylor and J. Collier 532
removal of, of right Rolandic area. D. Ferrier and A. Turner ... 666

Vascular lesions in porencephaly. J. Wiglesworth 133

Vaso-motorisch-trophischen Neurosen. R. Cassirer (Review) ... 169

Ventro-lateral pyramidal tract. Stanley Barnes 463

Ventral longitudinal bundle. J. Collier and F. Buzzard ... 177, 180

Vestibulo-spinal tracts. J. Collier and F. Buzzard 177, 183

Visceral disease, mental changes in. H. Head 345

Vision, effect of destruction of corpora quadrigemina on 42

Visual system, complete absence of, in an adult. W. G. Spiller ... 631
